## BOWLAND

This is a contemporary range of square glass pendants with complementing flush and semi flush fixtures. The intricate design details of this range see the matt black colour finish accentuated by the polished chrome components. This added attractive contrasting detail, applies a modern twist to an otherwise traditional concept and makes it suitable for a wide range of settings. The open spaces between the framework are filled with high quality clear glass panes to further reflect the light from the decorative E27 lamp holders.

timeless combination of  
matt black finish & chrome

Range Characteristics:  
Uniform Shape  
Clear Glass Panels  
Multiple Lamp Options
