# ELMHURST

This range of multiple pendants and wall lamps takes the concept of a melting icicle one step further, not only using long clear crystal drops that mimic a falling drop of water but also shaping the frame which hosts them into a similar shape. The polished chrome metal frames are curved like slowly cascading water which the crystal drops and GU10 lamp holders sit inside.

**Range Characteristics:**  
Exclusive Design  
Glass Droplets  
Adjustable Height

Ø 860cm

substantial glass droplets

over 5.5m  
drops,
